

# Cardiovascular Anatomy

## **Week 26 – Anatomy and Physiology**

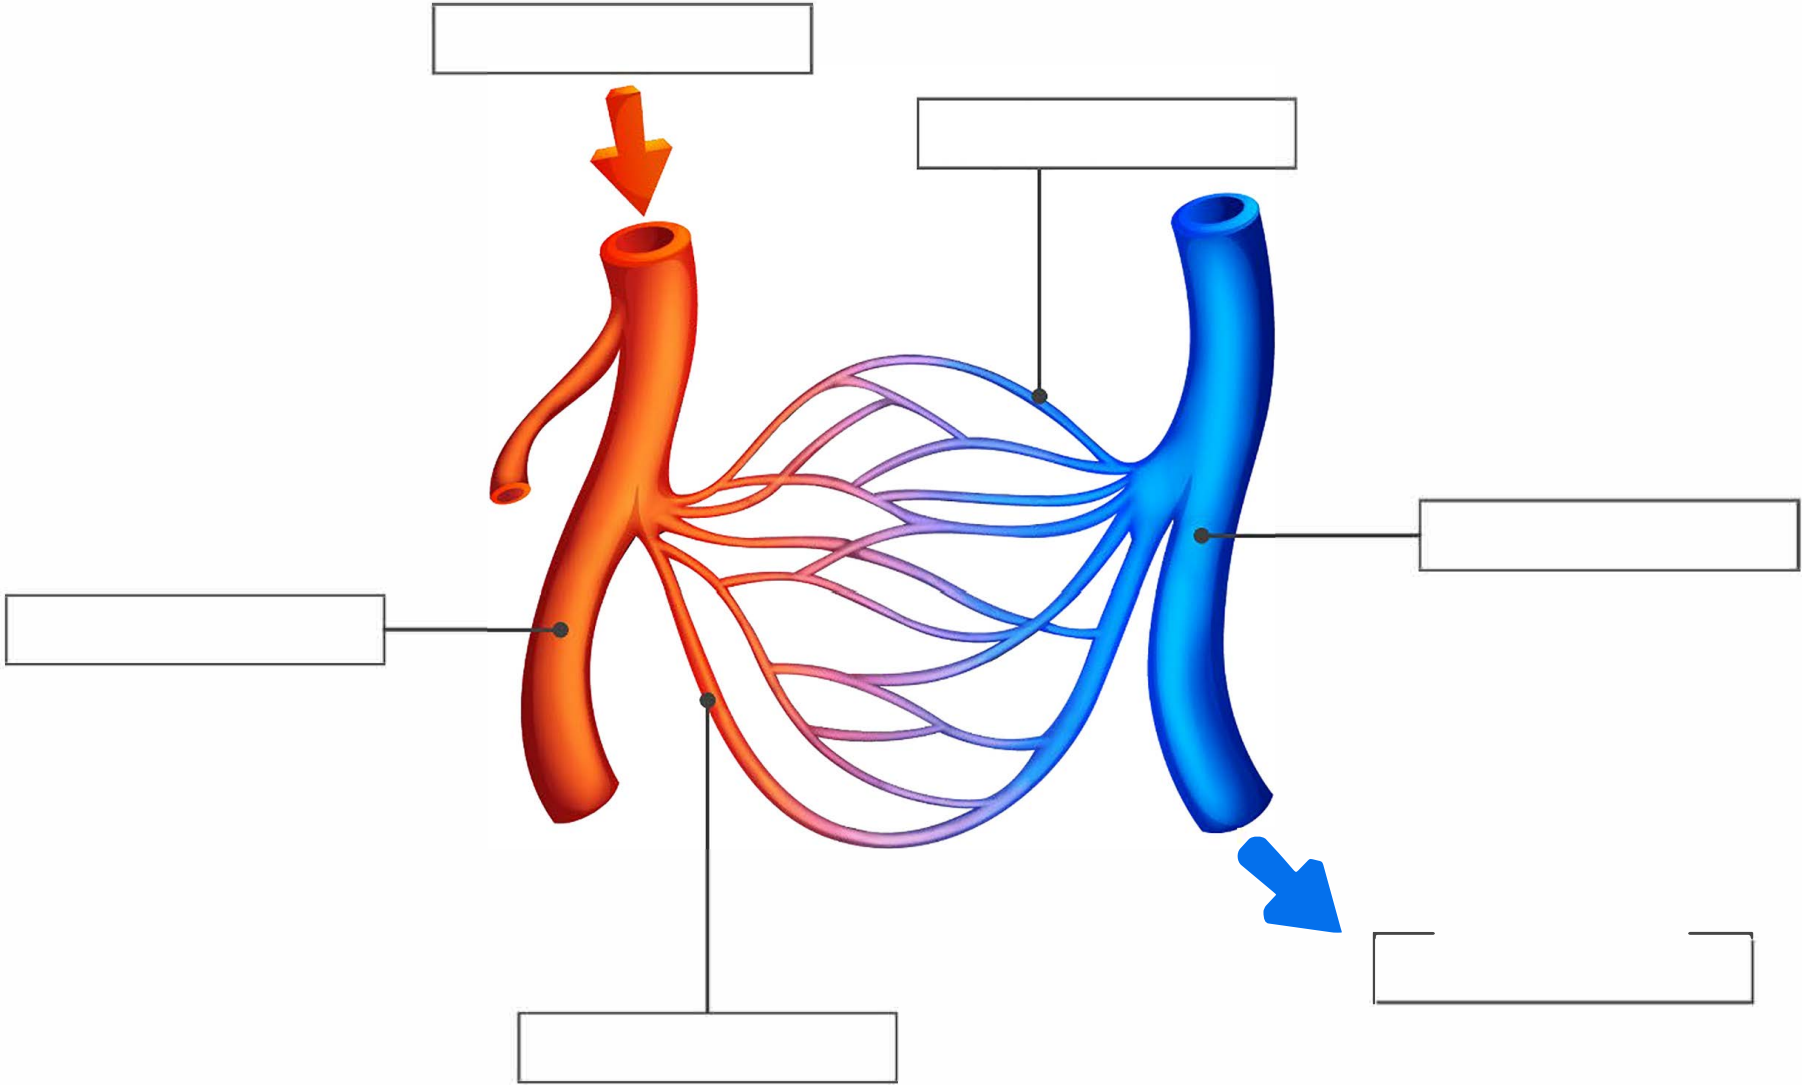

To review your knowledge of cardiovascular (CV) anatomy, fill in the blanks in each of the diagrams below. (*Hint: you will have seen all these diagrams in Week 26, Patient Care 2*).

Once you've completed this activity, save this worksheet and upload it to your journal with the title '*Week 26 – CV Anatomy*'.

## Anatomy of the human heart

**Circulatory System Capillary Blood Flow**

## Coronary circulation
